2:15	Station 2	Station 1	Station 4
2:30	Station 3	Station 2	Station 1
2:45	Station 4	Station 3	Station 2
3:00	Unfinished School Work		
3:45	Lesson of the Day		
4:15	Pack up for Pick up		
4:30	Pick up		

### Green:

This is the educational portion of the camp day. There are 3 rooms that the campers will have access to. Campers will spend 3 hours in the morning working on their daily assignments given by their teachers. Coaches will be in each room monitoring and assisting when needed.

- Library (Conference Room): This is the location that campers will have time to work on their online studies and virtual meetings.
- Shanty (Dance Studio): This is the location that campers will have time to work on their non-online assignments such as; hard copy worksheets, projects, etc.
- Parlour (Camp Room or the open space that was once the cubbies by the office): This is the 2nd location that students will work on non-online assignments.

### Red

This section is for lunch. I structured it so we can have lunch in shifts. While campers are not in lunch they will be participating in an arts and crafts project, or an outside activity (depending on weather). The quiet time after lunch is a period of time for our campers to digest their food before we go to the gym for physical activity.

### Blue

This is the gymnastic rotation portion of the camp day. We will have 4 stations each 15 minutes. The stations will have a mix of all the programs we have to offer at Mini Hops.

### Pink:

This time will be an opportunity for campers to complete any unfinished schoolwork due that day. Campers will be separated into three groups based on age/grade. Campers will be located in either the "library", "Parlour", or "Shanty". This will also be a time for campers to eat an additional snack if requested.

### Yellow:

During this time frame, campers will learn about different topics through projects, activities, experiments, etc. Topics may include, but not limited to, space, species of animals, history, literature, and many more themes.

### Orange:

#### Drop off

- Starts promptly at 8:30am. Parents will bring their camper to the west entrance and wait for a coach to escort them to the camp room (Parlour). There will be a sign in/sign out sheet that parents will need to fill out. Once the camper is in the camp room (Parlour),

they will gather their materials needed for their lessons for the day. This will also be the time for campers to give coaches their daily/weekly assignment list.

#### Pick up

- Starts at 4:30pm. If a parent requests early pick up, that will need to be communicated before they pick up, so coaches can be prepared. They can communicate this with the drop off coach or by calling the front desk. During pick up, parents will wait in carpool until a coach escorts their child to their vehicle. At this time they will receive a verbal report of any activities they would like to share with the parent. They will also sign out their child.

#### MATERIALS NEEDED

- Device on which they will do their virtual learning
  - Charger
- Headphones
- Writing Utensil (3)
- Print out of their daily/weekly assignment
- Any materials they will need to complete the daily assignment (books, calculator, etc)
- Any intake forms such as 504 or IEPs
- Any medications (allergy, epi pen, inhaler, etc)
- 1 lunch
- 2 snacks
- Water bottle
- Athletic wear
- Outside shoes
- Additional clothing (depending on weather)
- Sunscreen (depending on weather)
